

There is a Real Difference

Cream of tartar, derived from grapes, is used in Royal Baking Powder because it is the best and most healthful ingredient known for the purpose.

Phosphate and alum, which are derived from mineral sources, are used in some baking powders, instead of cream of tartar, because they are cheaper.

If you have been induced to use baking powders made from alum or phosphate, use Royal Baking Powder instead. You will be pleased with the results and the difference in the quality of the food.

NOTED INVENTOR DEAD

Henry Spiltdorf Expires at Age of 82 at New York Home.

New York, Oct. 18.—Henry Spiltdorf, one of the "grand old men" of telegraphy and the inventor of many important electrical devices, is dead at his home in this city.

He was eighty-two years old and was the pioneer of telegraph instrument makers. He invented the liquid insulation of the magnetic wire, a method now in universal use. It was he, too, who introduced asbestos as an insulating material. The Spiltdorf magnet is another of the numerous devices born of his ingenuity. He was an associate of Clark, inventor of the Clark repeater, which made it possible for Edison to invent the quadruplex system of telegraphy.

Rock Island Will Continue Kansas City, Kan., Business.

That Regardless Outcome of Union Pacific Suit.

FRANCHISE DEMANDS IT Friendly Suit Over Operation Armstrong Station.

Will Be Heard on Neutral Ground in Des Moines.

Should the Rock Island railroad lose in the suit brought against it in Des Moines by the Union Pacific to enjoin the former line from doing a passenger business in Kansas City, Kan., the defendant will be forced, under the Kansas City Terminal company's franchise from that city, to continue doing business there.

The suit in Des Moines, instituted recently in the controversy between the two roads as to the Rock Island's right to do business in Kansas City, Kan., under its 99 year lease of the Union Pacific tracks between Topeka and Kansas City, Mo., is a friendly one it is asserted by R. W. Blair, attorney for the Union Pacific here, to "find out which side is right." It has not been set for trial yet.

"It will be heard where the legal departments of both roads get time," Mr. Blair said today. "Both corporations agreed upon Des Moines as a place of hearing the controversy because that city is neutral ground."

"However, if the Rock Island loses the suit it is not probable the road will discontinue doing business on the Kansas side. Under the franchise granted by that city, to the Kansas City Terminal company since the suit was filed, it is provided that all railroads in the terminal shall stop trains and do business there. The Rock Island has accepted the franchise. If the Union Pacific wins the suit, the Rock Island will, in all probability, begin negotiations with the Union Pacific for privilege of doing business in that city."

It is more than probable, it is asserted here, that the two roads will reach an agreement under which the Rock Island can meet its franchise. The Rock Island is doing a passenger business in Kansas City, Kan., at a station built on its own line, be-

tween Armstrong, the Union Pacific station, and the state line. The line was built at the time the new Union station on the Missouri side was erected.

The Union Pacific claims the 99 year lease of its line between Kansas City, Mo., and Topeka, prohibits the Rock Island from stopping trains on the Kansas side. The Rock Island contends that business it is doing in Kansas City, Kan., it legal as it is on its own line.

MAHIN WILL BE RE-ELECTED. Popular Smith County Senator Certain of a Majority This Fall.

Senator I. M. Mahin of the Fortieth Kansas district, will probably be returned to the state senate with a majority several times as large as the one accorded the Smith Center lawyer in his last year's term.

Present conditions indicate that Senator Mahin will carry Smith, Phillips and Norton counties, the three counties comprising his district. In a trip thru the district last week Governor Capper strongly urged Senator Mahin's re-election. He declared the Fortieth district senator was one of the strong men in the 1913-15 sessions and was the author of some of the state's most constructive legislation. Persons in touch with conditions in the district have predicted that Senator Mahin will win with a large majority in each of the counties.

The paternal mansion, the quite commodious, will not accommodate such an assemblage, hence the dotting of the lawn with tents.

Stewart hired an auto driver to take him to Great Bend, Thursday morning and that was the last that has been heard or seen of him. His transactions with the business men of the town have always been above reproach and suspicion and his actions in this instance came as a big surprise to every one.

Wichita, Kan., Oct. 18.—Raymond Robins of Chicago, who was chairman of the last Progressive national convention, declared today to an audience composed largely of former Progressives, that he saw the hand of a super-human being in the nomination of

Charles Evans Hughes for president of the United States.

"We need such a man as he at the helm of state at this trying time," the speaker declared.

He assailed the Democratic party because ultra-conservatives "were in the saddle," and urged his fellow Progressives to seek their hope in the Republican party and Justice Hughes.

WOULD VOTE BRIDGE BONDS.

Petitions for \$123,000 Issue Being Circulated in Harper County.

Anthony, Kan., Oct. 18.—Petitions are being circulated to secure 1,500 names necessary to place the proposition of a county bridge bond issue of \$123,000 before the voters at the election on November 7.

It is the plan of the county commissioners, if the bonds carry, to build sixty-five bridges with this money, the bridges to vary in size from culverts to nine and ten span structures.

The work would be finished within three years and at that time Harper county would be pretty well supplied with permanent bridges. It is the hope of the commissioners to make all necessary replacements of bridges by concrete structures.

Try Villisca Libel Case.

Red Oak, Ia., Oct. 17.—The trial of the two \$25,000 damage suits recently instituted by State Senator F. G. Jones of Villisca, against a Kansas City detective and eight well known citizens of Montgomery county, charging libel, is expected to take place at the term of the district court which opened here today. The complaint charges the defendants with responsibility for stories to the effect that Jones financed the Villisca axe murders in 1912. Both sides express anxiety for an early hearing but it is thought on account of the intense feeling among the people of the county an effort will be made to obtain a change of venue.

PUT STOMACH IN ORDER AND STOP GAS INDIGESTION

"Pape's Diapiesin" regulates disordered stomachs in five minutes.

No more dyspepsia, sourness, heartburn, pain, belching, or acidity.

Nothing will remain undigested or sour on your stomach if you will take a little Diapiesin occasionally. This powerful digestive and antacid, though as harmless and pleasant as candy, will digest and prepare for assimilation into the blood all the food you can eat.

Eat what your stomach craves without the slightest fear of indigestion or that you will be bothered with acidity or sour risings, belching, gas on stomach, heartburn, headaches from stomach, nausea, bad breath, water brash or a feeling like you had swallowed a lump of lead, or other disagreeable miseries. Should you be suffering now from any stomach disorder you can get relief within five minutes.

If you will get from your pharmacist a 50-cent case of Pape's Diapiesin you could always go to the table with a hearty appetite and your meals would taste good, because you would know there would be no indigestion or sleepless nights or headache or stomach misery all the next day; and, besides, you would not need laxatives to liver pills to keep your stomach and bowels clean and fresh.

Pape's Diapiesin can be obtained from your druggist, and contains more than sufficient to thoroughly overcome the worst case of indigestion or dyspepsia. There is nothing better for gas on the stomach or sour odors from the stomach or to cure a stomach headache.

You couldn't keep a handier or more useful article in the house.—Adv.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, or the Dr. Edwards' Olive Tablets take 3 or 4 p.m.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists. [Advertisement.]

Simple Way to End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.—Advertisement.
